

Communication

Date	30 June 2026
Team ID	
Project Name	Rising waters
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp, Google Meet	All team members	Discuss daily tasks, assign work, and review progress.
2	Progress Update	Weekly	Google Meet	All team members	Review completed milestones and receive feedback.
3	Issue / Bug Discussion	As Needed	WhatsApp, VS Code Live ShareWhatsApp, VS Code Live Share	Entire team	Resolve coding issues, deployment errors, and technical challenges.
4	Stakeholder Review	Bi-Weekly	Google Meet	Entire team	Demonstrate project progress and collect improvement suggestions.
5	Final Demo Rehearsal	Once	Google Meet	Entire team	Practice the final presentation and verify project functionality.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty integrating the trained XGBoost model with the Flask application.	Verified model loading using Joblib and tested predictions with multiple input values until integration was successful.
2	Deployment issues on Render due to missing dependencies and configuration files.	Updated requirements.txt and Procfile, then redeployed the application successfully.
3	Coordinating tasks and maintaining consistent progress among team members.	Conducted regular meetings, assigned responsibilities clearly, and tracked progress through shared communication channels.
